

DRIVER TRAINING

Drivers of food related ingredients should be aware of the roles and responsibilities within the food safety of their load. These courses contribute to the statutory DCPC training and are held at Reaseheath college in Nantwich, Cheshire. We are fully accredited centre for the "Joint Approvals Unit for Periodic Training" (Jaupit).

- Accreditation by JAUPIT
- Two courses 7 hours or 14 hours
- Part of statutory DCPC training

Course Covers:-

- Conveying a safe load (liquid milk)
- Environmental impacts of milk transport
- Correct driver behaviour
- Interaction with customers, clients, authority and the public
- Understanding food safety
- Taking milk samples and testing

Courses available:-

- 1 day – The Role of the Milk Tanker Driver in Milk Collection with Specific Regard to Food Hygiene
- 2 day – Food Safety for Tanker Drivers
